

DIALOGUE

Back to the Future

Key Ethical Issues Confronting Christians in the Next Ten Years

It's our 10th anniversary! Back in 2010, Andy and Nancy started this ministry in response to the needs of the church at that time. Now it's 2020 and we are looking ahead to the next decade. We have brought together key thinkers to dialogue on what we believe are the crucial issues the church will face and must be prepared to address.

MAIN SESSIONS

Sam Allberry

Pastor, Author, Speaker
Ravi Zacharias International Ministries

Discussing Sexuality, Singleness, and Loneliness

Human sexuality is at the centre of our cultural attention these days. What is its role in defining who we are? How does our understanding of singleness and loneliness impact the way we view our sexuality? Sam Allberry, in discussion with Andy Steiger, will address these questions and more.

Darrell Bock

Professor of New Testament Studies
Dallas Theological Seminary

Discussing Future Opposition to the Bible

People issue all kinds of challenges against Scripture: claims against the text, its authors, the Jesus tradition, and even the unity of the N.T. Dr. Bock will present two ways in which we can engage with people who question the authority of Scripture. The first approach defends the points tied to the issue and the second takes a general approach to the Bible when someone does not have a concept of inspiration.

Discussing the Art of Communicating Truth

Today we're seeing an influx of recording artists openly sharing their beliefs on international platforms. How do we maintain our faithfulness to Jesus and our convictions in the entertainment world? In this session, we will discuss the value of communicating truth despite the potential of pushback in the world of musical entertainment.

The Future of Apologetics

After 10 years of incredible ministry, Andy met up with Lee Strobel to discuss what they see the church needs to focus on in the next 10 years. In this session, Andy will address the future of apologetics from what he has seen and heard both in Canada and the USA.

WHAT IS APOLOGETICS?

Despite what the word sounds like, apologetics is not about apologizing. The word comes from the Greek word, *apologia*, which means to 'give an answer.' For Christians, it is specifically about setting Christ apart in our hearts as Lord and giving an answer for the hope we have in Jesus Christ, with gentleness and respect (1 Peter 3:15).
